ADHD in The Classroom?

# Introducing Dr. Michael W. Corrigan An Expert on ADHD Who Speaks for The Kids!

**CONCERNED ABOUT THE GROWING RATES OF ADHD?  
THIS PSYCHOLOGIST AND PROFESSOR OF CHILD  
DEVELOPMENT HAS AN INSPIRING MESSAGE TO SHARE  
WITH YOUR EDUCATORS AND PARENTS!**

Dr. Michael W. Corrigan, author of the new book *Debunking ADHD: 10 Reasons to Stop Drugging Kids for Acting Like Kids* (Rowman and Littlefield), is helping many adults working with behaviorally challenged kids rethink the ADHD label. The caring common sense approach he has shared with adults worldwide is rooted in decades of research studying child development and effective instruction. His goal is to help the 4.5 million kids being drugged for ADHD truly experience a drug-free childhood.

**As an Experienced Educator, Speaker and Parent, Dr. Corrigan will Provide a Powerful Presentation that is:**

- Thought Provoking
- Engaging & Energetic
- Inspiring & Meaningful
- and Above All Else... Fun, Caring, Honest and Supported by Research and Common Sense!

*“Millions of kids are being diagnosed ADHD by simply using 18 common childhood behaviors that nearly all kids exhibit daily. These same behaviors are used to identify giftedness and temporary developmental delays. What if we are dangerously drugging kids for ADHD, when patience, support, sincere empathy and natural child development is all they really need and deserve?”*
