The Generous Fish
BY JACQUELINE JULES, ILLUSTRATED BY FRANCES TYRRELL

Inspired by Jewish folklore, The Generous Fish is the story of a young boy named Reuven who takes a verse from scripture to “cast your bread upon the waters” (Ecclesiastes 11:1) quite literally. The result of his daily act is a giant talking fish with golden scales! Boy and fish spend idyllic days together until the villagers realize those scales are real gold. Every villager has good reason to ask for one. Devorah needs clothes for her children. Old Joseph needs money for a cane. The fish says he has plenty to share. But he grows weak from giving away too much, too fast. Can Reuven stand up to the village and save his friend?

Jacqueline Jules is the author of forty books for young readers, including the award-winning Zapato Power series, Never Say a Mean Word Again: A Tale from Medieval Spain, and Feathers for Peacock. A former school librarian and teacher, Jacqueline enjoys visiting schools to share her passion for reading and writing. She is a word person, who loves rearranging words on the page, the same way people have fun fitting the pieces of a jigsaw puzzle together. Jacqueline lives in Arlington, Virginia.

**Sweet Tamales for Purim**  
**BY BARBARA BIETZ, BY (ARTIST) JOHN KANZLER**

Many Jewish families helped settle, diverse communities in the desolate, desert terrain of the Wild West. Although *Sweet Tamales for Purim* is a work of fiction, it is inspired by a true event. In 1886, the Hebrew Ladies Benevolent Society of Tucson planned a Purim Ball for the entire community. Barbara tells the story from the perspective of a young girl, who along with her new friend, Luis plan to create a Purim festival for their town. Their plans for the celebration were well underway until the family goat, Kitzel, ate all of the traditional holiday pastries, Hamantashen. Fortunately, they find another way to celebrate Purim and the family is able to share their cultural traditions with their new neighbors.

Purim celebrates the courageous stand that Queen Esther made to save the Jewish people from being banished by the king. The young girl’s determination to create a spirited Purim celebration in her western town, provides a unique insight into how children can creatively overcome challenges when life doesn’t go as planned. Her quick thinking, persistence and resourceful actions give their first Purim festival added significance.

When **Barbara Bietz** isn’t reading, she is probably typing away at her desk, surrounded by her two naughty (but nice) dogs. Barbara is often inspired by her favorite books and sometimes enjoys playing guitar, but, she says, not very well.

Barbara’s chapter book, *Like a Maccabee*, nabbed the 2006 Midwest Independent Publishers Association Merit Award. She is also the creator of the website *Jewish Books for Kids* and a former chair of the Sydney Taylor Book Award Committee, which honors exceptional works about the Jewish experience. Her favorite part about being an author? Visiting schools, meeting young readers, and eating lunch in the cafeteria—especially when it’s grilled cheese day! Barbara lives with her family in Oak Park, California.

In this catchy and interactive book, children are encouraged to take part in the story and use expressive language to respond to Sheep’s WHERE questions. With engaging opportunities on every page, they’ll be excited to read this story again and again.

A modern play on the classic “seek-and-find” book, the bold and distinctive illustrations are refreshing for parents, and particularly enthralling for children who will be naturally drawn to the curvy and circular shapes.

**Maine’s Rarest Creatures**
BY CHRISTOPHER PACKARD

Maine folklore is rich in tales of humans confronted by strange beasts, both wonderful and terrifying. The Abenaki, or “First People” had their tales of Glooskap and Pamola. Other tales came with European settlers; and others sprang up almost out of nothing around the fires of the logging camps. Based on meticulous research into these tales, this volume is an encyclopedia, a field guide to the creatures that can be found in Maine and beyond. While the tales are whimsical and fun, they can also be considered serious scholarship.

Christopher Packard is a high school science teacher in Bangor, Maine. He has also been involved in environmental work, including park and ecosystem restoration in northwest Ohio and a naturalist fellow and instructor at Eagle Bluff Environmental in Minnesota. His writing has been published in local papers and journals in Maine.
