NEW
Books in Crafts & Hobbies
2022-2023
Crafting is good for your mind, body, and soul. Long-time crafters have often felt the benefits of a relaxed mind focused on an immediate task, a body put to useful purpose, and a soul renewed by the act of creating. But during the pandemic, as many found themselves with time on their hands and worry in their hearts, even more people turned to crafting to keep their hands busy and to ease their minds. We saw resurging interest in traditional crafts such as bead weaving, embroidery, cross-stitch, and pottery, as well as many new yarn enthusiasts in knitting and crochet as online groups abounded and YouTube videos made it easy to learn the basics.

The movement to work with your hands and find joy in simpler things has not abated with the return to the office, and our 2022 craft list includes books for both the beginner and the seasoned crafter. For those looking to try something for the first time, we have books such as Learn to Crochet in 10 Easy Lessons, Bead Weaving & Embroidery with Miyuki Beads, Massive Manga, 100+ Cross Stitch Patterns to Mix and Match, Basic Pottery Making, and Fraktur. These books are meant for complete beginners, with materials lists and step-by-step instructions for every project, to really get you started with confidence. For our more experienced “yarnies,” we have comfy and quick patterns in Crochet in a Weekend, InstaKnits (by Melissa Leapman!), Crochet Slouchy Hats & Beanies, and Crochet Tank Tops; cute animals to make in Wild & Woolly Knitted Animals and Supersize Crochet Animals; and oh-so-cute baby items in Ultimate Crochet Nursery and Playtime Rompers to Knit. For woodworkers and furniture makers, we are excited to bring you Benches, Stools and Chairs, by renowned furniture maker Walter Turpening, in which he shares his years of experience and all his techniques and secrets for making ergonomic seating. Check out the complete selection of new books (and perennial favorites); there are too many to mention here!

And, finally, a book that had been delayed due to travel restrictions is finally finished: The Lopapeysa Sweater: A Journey North in Search of Iceland’s Iconic Knitwear by Toni Carr and Kyle Cassidy. Kyle and Toni visited Iceland twice, traveling the Ring Road and talking to the locals, discussing and discovering the history of the lopapeysa sweater. Who designed the first lopapeysa? How did it become the iconic knitwear of Iceland? As they travel, Kyle and Toni meet many, as they say, minor Icelandic celebrities, visit well-known tourist attractions and some off-the-beaten path locales, and give both general tourist intel on these places and what knitters really want to know (where the yarn’s at!). Engaging travel tales, Kyle’s striking photography of both landscapes and knitting, and Toni’s modern and imaginative takes on the lopapeysa in her 10 knitting designs, make this a book for every knitter with an interest in travel and every traveler with an interest in knitting.

With this catalog, Globe Pequot is celebrating 75 years of publishing fantastic books, and we’re excited for another 75 years of crafting excellence.

Happy crafting!

KNITTING WRAPS IN THE ROUND
21 Inspired Shawls, Scarves, and Stoles
By Andrea Brauneis

When working most traditional shawl patterns in rows, you work a “pattern” row, and then turn and purl the wrong side. But by knitting your shawls and scarves in the round, you are always knitting on the right side, so it is easy to work beautiful stranded, lace, texture, and even brioche patterns. Plus, it’s so fast to keep knitting with no turning!

Once you’ve finished knitting your shawl, you then cut through the extra stitches included in each pattern (known as steek stitches). Hem with simple hand or machine sewing, and your wrap is ready to wear! Author Andrea Brauneis explains the process in detail, and the extra stitches and instructions are included in each pattern, making it easy to work these 21 gorgeous scarf and wrap patterns even if it’s your first time trying this technique.

Andrea Brauneis started knitting rugs for her doll house in kindergarten, and she has not stopped knitting since. More than 25 years ago, she had the great luck to turn her hobby into a profession. She has been a designer and model knitter for various yarn labels and private clientele, as well as offering private design training and workshops. She lives with her family in Munich, Germany. LACE KNIT SHAWLS, SWEATERS, SOCKS & HATS
26 Designs Inspired by Japanese Stitch Patterns
By Birgit Freyer

Knitted lace pieces are stunning, but that is no reason to save them for only special occasions. The 26 lace patterns in this book are designed to showcase your stitches in pieces that can be worn anywhere. They incorporate Japanese lace stitch patterns to beautiful effect in pullovers, socks, shawls, hats, mitts, and more, in infinitely wearable patterns. Knit in neutrals, these pieces are easy to pair with items in your closet; knit in fabulous colors, they are showstoppers!

In addition to the patterns, the book includes an illustrated introduction to lace knitting stitches and charts, and an introduction to sock knitting. The skill level of each pattern is designated, so you can start with a pattern within your comfort zone and build your skills as you go.

Birgit Freyer was born in 1962 and thus still belongs to the generation where girls got their “proper” handicraft lessons. She later studied design and worked as a freelance web designer and lecturer active in adult education. She always worked out her own designs, and began writing out the instructions at the request of friends. Her patterns are available at www.die-wolllust.de.

PLAYTIME ROMPERS TO KNIT
25 Cute Comfy Patterns for Babies plus 2 Matching Doll Rompers
By Jessica Anderson

Jessica Anderson has outdone herself with these 25 patterns for the most adorable baby rompers you will ever see, in characters and animals including a giraffe, elephant, pumpkin, and ballerina, as well as colorful and striped designs for everyday wear. These outfits are both comfortable for baby and practical (easy to take on and off) for the busy parent. Patterns for two special rompers for your child’s favorite doll are also included.

Presented in an easy-to-follow format, you can start with a basic romper and then learn to add stripes, bum pockets, and hoods. Take it to the next level and add ears, tails, and other embellishments for a variety of animal designs. All instructions are clear and concise, so even a novice knitter can complete these rompers with ease. The only question is, which one will you knit first?

Jessica Anderson likes to design fun and quirky knitting patterns that are easy to finish. She enjoys being home with her five children and her supportive husband, three cats, their Boxer dog, and coffee. Lots of coffee. She works as the Design Director for Malabrigo Yarn and creates her own designs for her brand, Jessica Anderson Designs. THE LOPAPEYSA SWEATER
A Journey North in Search of Iceland’s Iconic Knitwear
By Toni Carr, Photographs by Kyle Cassidy

“Through the story of their travels and the people they met along the way, Joan and Kyle have lovingly captured both the technical and artistic aspects of Icelandic knitting tradition, and the culture that created it.”—SMÁRI MCCARTHY, FORMER MEMBER OF THE SUPREME NATIONAL PARLIAMENT OF ICELAND

The lopapeysa sweater is a treasured piece of Icelandic culture, knitted with generations of warmth and love in every stitch. By interviewing local experts and digging through research, Carr and Cassidy trace the historic beginnings of the “lopri” sweater and its legacy—and, of course, provide 10 new lopi-style patterns. No matter your knitting experience, you will be able to complete these projects and enhance your look with style that is beautifully modern and honors the lopapeysa’s rich history.

Toni Carr (aka Joan of Dark) is the author of Knockdown Knits, Knits for Nerds, and Geek Knits. She is also a contributing designer for Vampire Knits and Once Upon a Knit, as well as several publications for Knit Picks.

Kyle Cassidy has been documenting culture since the 1990s. His work has appeared in The New York Times, Vanity Fair, The Guardian, and others.

WILD AND WOOLLY KNITTED ANIMALS
A Naturalist’s Notebook
By Sara Elizabeth Kellner, Foreword by Tanis Gray

Through the eyes of our naturalist knitter, you’ll discover a world of interesting creatures. Inside, you’ll find her sketches of animals in their habitat, scientific notes, and knitting patterns that capture the unique personality of each animal. The easy-to-follow instructions show you how to knit 25 endearing animals, including a hedgehog, timberwolf, rainbow trout, red squirrel, rabbit, beaver, badger, meadowlark, bald eagle, and many more. Each one is portrayed realistically, and yet exudes its own special cuteness that you find in live wildlife.

Sara Elizabeth Kellner is a knitted toy designer who can’t imagine a happier life. Sara has a standing invitation from Vogue Knitting Live to exhibit her designs in the artist’s gallery at their live events in NYC. She is the author of Knits for Kitties, and her designs have been published in Official Disney Knitting Book and Knit a Vintage Christmas, among others. Visit her on Ravelry!

SUPERSIZE CROCHET ANIMALS
20 Adorable Amigurumi Sized to Snuggle
By Kristi Simpson

It’s time to SUPERSIZE your amigurumi!

Tiny crochet animals are cute, but the larger animals in this book are just the right size for hugs and cuddles. Worked with bulky yarn and larger hooks, these stuffed animals hook up fast, and all of the patterns are easy enough for even a beginner crocheter. Single crochet stitches form most of the pieces. Stitched or crocheted embellishments make each creature unique. Finished pieces range in size from approximately 16 to 30 inches.

You’ll love the new friends you crochet, from a soft, fluffy llama or sheep to a frisky puppy, platypus, dinosaur, teddy bear, raccoon, turtle, and more. Make a favorite animal for yourself or a young friend. Once you make one, you’ll see how easy and fun they are to crochet, and you’ll want to make all 20 supersized amigurumi!

Kristi Simpson is the author of many crochet design publications, including the popular Sweet & Simple Baby Crochet, Adorable Baby Crochet, Ultimate Baby Crochet, and Crochet Stitch Sampler Baby Blankets. BEAD WEAVING & EMBROIDERY WITH MIYUKI BEADS
Instructions for Brick Stitch, Peyote Stitch, Square Stitch, and Loom Work; 100 Weaving Patterns
By Virginie Châtenet

Get started bead weaving with Miyuki seed beads!

With this introductory book, you will learn how to work the four main bead weaving techniques: brick stitch, peyote stitch, square stitch, and loom weaving. Even if you’ve never worked with beads before, you’ll learn all the materials and skills needed to begin. The stitches are explained in easy-to-understand steps and photos, with troubleshooting tips for success.

Now you are ready to weave any of the 100 bead patterns in the book! Make geometric patterns, sweet birds, beautiful flowers, and a myriad of other colorful patterns. These designs can then be used to make necklaces, earrings, bracelets, pins, or rings; or be used as embellishments for clothing, handbags, wall hangings, and so much more. Instructions for how to make these items are included, along with many suggestions to foster your own creativity.

Why not use your seed beads for further embellishing? With just a few easy embroidery stitches you can add beads to almost anything! Combine your embroidery with your bead weaving for even more designs. There is so much fun to be had with beads!

Daughter of a passionate seamstress who loved many types of needlework, Virginie Châtenet inherited this love of creativity and the happiness of creating with one’s hands. Bead weaving and other crafts are a source of balance for her, and she loves to share these passions with others. She is also the author of Brick Stitch (in French), and can be found on Instagram @etoiles_pistache.

Finally, an easy explanation of Crackle Weave!

Susan Kesler-Simpson, author of the popular Overshot Simply and Shadow Weave Simply, now explains Crackle Weave—simply! Her teaching style is to break down the weave structure into its basic parts so that it is easy to understand, and then show you how the parts work together to create the weave structure so that you can use any pattern or create your own.

The areas of separating threads give Crackle Weave its appearance of cracking pottery, and once you see how the structure works, there is so much you can do with it! Crackle weave is a block weave structure made up of four or more threading blocks that are based on the twill structure. Each block has four threads made up of two primary threads and two secondary threads. Incidental threads are added when needed to keep the proper twill sequencing. These blocks can be enlarged, reduced, or change location, allowing you to have a traditional or more modern approach to your project. And then there is color! Crackle Weave has many options for playing with colors; colors can be added through the warp, primary threads, and/or secondary threads.

Learning is not complete without practice, so there are 25 patterns to try for a variety of pieces in both modern and traditional effects. The projects are simple enough for any beginning weaver, and include shawls, scarves, rugs, blankets, towels, and table runners. Some are woven in the traditional crackle method while others introduce weaving crackle as overshot, summer/winter, and more.

Start your exploration of Crackle Weave today!

Susan Kesler-Simpson is passionate about fiber arts and breaking down complex weaving techniques so that even beginners can learn the basic concepts. She is the author of the successful Overshot Simply, Shadow Weave Simply, and Creative Treadling with Overshot, and has a B.S. and M.A. in Clothing, Textiles, and Design from the University of Nebraska. She enjoys teaching weaving and working in other crafts such as knitting, spinning, and crocheting. She resides in Danville, Pennsylvania.

Each pattern has its own easy-to-follow chart with a color key, along with an image of a finished sample for reference. Then comes a wealth of alphabet font styles to choose from... Greenoff also offers a couple of helpful ‘Jane’s tips’ boxes in the beginning sections that offer suggestions for determining the best needle size and avoiding marks in fabric. Seasoned crafters will enjoy the endless possibilities on tap.” — PUBLISHERS WEEKLY

From flowers to cottages, birds and bees to holiday and sampler-style motifs, 100+ Cross Stitch Patterns to Mix and Match is bursting with exciting cross stitch designs to make!

The motifs and alphabets are designed to coordinate, and with more than 100 motif and border patterns, the fun is in choosing how to put them together into your own unique designs. It’s easy to combine them (Jane teaches you how), and you’ll be ready to make a special stitched piece for any occasion. The 21 unique cross stitch alphabets bring just the right personal touch to your sentiments. Beautiful borders add professional polish.

Each motif is presented in chart form with a color key for ease of reference and a finished, worked example to show how the pattern should look when complete. If you are new to cross stitch or designing, an introduction to the craft covers all of the tools and equipment needed and demonstrates basic cross stitch techniques from start to finish, in addition to giving instructions on how to graph and use your designs.

Based on a simple grid and one basic stitch, cross stitch is easy to learn and master, so get started mixing and matching these beautiful designs into your one-of-a-kind creations!

Jane Greenoff is one of the most popular cross stitch designers in the world, and the author of 15 books, including The Cross Stitcher’s Bible. Jane lives with her family in a converted barn in Fairford, Gloucestershire.

FRAKTUR
Tips, Tools, and Techniques for Learning the Craft
By Ruthanne Hartung

“If you’re looking for a book that will greatly help you along on your own Fraktur designing, inking, lettering, and painting journey, this one definitely fits the bill. Step-by-step instructions for several projects that show you the entire artistic process in detail, plus lots of motifs like flowers, fruit, birds, hearts, angels, houses, borders, etc. for inspiration (or tracing) so that you can mix-and-match them to create your own compositions, as well as a birth certificate, a house blessing, family trees [two different designs], and a family records design that are all full-sized and traceable, plus a Fraktur alphabet to practice [also traceable], both upper and lower case, which Ruthanne designed to be easier to read than the traditional Blacklettering (but still looks enough like traditional Blacklettering to give it that authentic Fraktur feel). So there’s literally everything you’d need to be inspired to design your own pieces, or for you to trace straight from the book to make something super-quaint for your home.”—Jim and Lori

“I highly recommend this book.”—J.J.

The Pennsylvania Dutch are noted for the beautifully designed and hand-lettered documents known as fraktur. These include birth and marriage certificates, family trees, bookplates, awards, and house blessings. Leading fraktur artist Ruthanne Hartung adapts the craft to modern tastes and needs in this practical how-to book, with information on tools, step-by-step instructions, ideas for design, lettering and coloring techniques, and a variety of projects. An assortment of traditional patterns to apply to personal frakturs are included.

Ruthanne Hartung was a fraktur artist for more than thirty years. She was a juried member of the Pennsylvania Guild of Craftsmen and was selected as one of the top 200 traditional American craftsmen by Early American Life magazine.

COMPLETE COLOR MIXING GUIDE FOR ACRYLICS, OILS, AND WATERCOLORS
2,400 Color Combinations for Each
By John Barber

Take the guesswork out of color mixing!

With just 25 common paint colors, you can make 2,400 different hues, and they are all illustrated in this comprehensive guide. That’s 2,400 hues for each medium—oils, acrylics, and watercolors—with each hue visually represented for your easy reference.

Better yet, each color mix uses only two paint colors, so matching results are easy to obtain and your colors remain vibrant and true, not muddied by too many pigments as you often get from mixes with many paint colors.

Pro mixing tips for each type of paint are included to help you achieve winning results. This simple-to-master color mixing system will help you find and mix just the right color, every time!

John Barber is the author of the Winsor & Newton Color Mixing Guides, as well as many Transformers books.

BENCHED, STOOLS, AND CHAIRS
A Guide to Ergonomic Woven Seating
By Walter Turpening and Deborah Held

Walter Turpening has been designing and perfecting custom seating for crafters and artistic creators (particularly weavers, knitters, handspinners, and musicians) for 20-plus years. His signature cotton-cord, curved, woven seats on fine woodworked frames are fervently desired by those who have sampled his seating, and he operates on an average two-year waiting list. In recent years, he has expanded his repertoire to include ergonomic office chairs and barstools. In this book, he shares what he has learned in his journey as a chair maker to help you make the bench or chair of your dreams.

At the heart of Walter’s methods is making each seat specifically to fit the individual while working at their favorite craft or intended use. He teaches how to take the measurements needed for perfect ergonomic comfort, and how to apply them to create your perfect seat. With his step-by-step instructions, photos, and diagrams, you will see how Walter creates his custom seating, and be able to replicate his techniques in your own benches, stools, and chairs.

Walter Turpening has been designing and creating furniture for the specific needs of crafters for more than 20 years.

Deborah Held is a freelance writer and international fiber arts educator. She’s a recurring contributor to Spin Off magazine and its blog PLY, tinyStudio Creative Life Magazine, the SweetGeorgia blog, and more, and she’s the writer behind the Interweave column “Her Handspun Habit.”

COMPLETE GUIDE TO PAPER CLAY
Mixing Recipes; Building, Finishing and Firing; 10 Practice Projects
By Liliane Tardio-Brise

Freeing clay from technical constraints, lightening pieces, modeling large, slender forms... These ceramicists’ dreams become reality with paper clay!

Complete Guide to Paper Clay thoroughly and accurately introduces this versatile material of clay and fibers, and showcases its distinctive characteristics and advantages. Liliane Tardio-Brise illustrates step-by-step the reactions of paper clay to the usual techniques of ceramics—pinch building, coils, slabs, wheel throwing, etc. The cellulose fibers in paper clay give it new properties that typical clay cannot attain. Rehydrating paper clay pieces brings back their suppleness and allows them to accept deformations, easily repair cracks, and be built on with new clay pieces. Paper clay lends itself to all finishes, can be air dried and/or fired, and, because the fibers burn off when fired, finished pieces are lighter and can be built taller and still maintain their stability.

Explore the many possibilities of paper clay with the ten projects in the book, which each use very different properties of the clay to a variety of effects. Once you see the versatility of paper clay, you’ll be ready to try your own sculptures in this adaptable medium.

Liliane Tardio-Brise, ceramist, has been running a workshop in Alsace, France, for almost 20 years. Scientifically trained, she gives precise and informative instruction, enabling her students to comprehend the properties as well as the processes of working with paper clay.

LEAF YOUR TROUBLES BEHIND
How to Destress and Grow Happiness through Plants
By Karen Hugg

Have you ever felt happier after a walk in the woods or fiddling with houseplants, but your hectic life stressed you out again? In our rushed, tech-based, indoor society, we may yearn for a break but only manage to get through a noisy day and collapse in bed. Regaining a peaceful mind seems beyond reach. But what if there were easy, low-cost activities to heal the soul? What if we could regularly access tranquility? How would we do that? The answer may be in the simplest, most abundant thing all around us: plants.

In Leaf Your Troubles Behind: How to Destress and Grow Happiness Through Plants, horticulturalist Karen Hugg draws on science and two decades of professional gardening experience to help readers reduce stress and increase happiness. Through her original, approachable system of “Green Leisure,” you will:

• discover nature’s scientifically proven power to heal us from stress
• explore what “green leisure” activities are right for you
• create a soothing green lounge at home, either via plants or just photos and décor
• gain confidence in growing low-maintenance but rewarding plants, indoors and out
• develop “green leisure” habits to ensure care for your soul any time of year

With personal stories, the latest research, and fun easy-to-do activities, Karen guides readers in delving into the wonders of plants while “leafing” their daily stress behind and growing joy.

Karen Hugg is a writer and gardener with a passion for plants. She’s a certified ornamental horticulturist and Master Pruner. She has helped hundreds of clients create relaxing, beautiful gardens via her garden design and maintenance company for almost 20 years, and has taught horticulture at the community college level. Now, she writes about plants and gardening with published articles in Garden Center Magazine, Garden Rant, Northwest Garden News, and others. She also writes novels about plants and flowers, including The Forgetting Flower, The Dark Petals of Provence, and the forthcoming Harvesting the Sky. Hugg lives in the Seattle area with her husband, three adopted kids, and dog Olive.
