THE ORVIS GUIDE TO HATCH STRATEGIES
Successful Fly Fishing for Trout without Always Matching the Hatch
By Tom Rosenbauer. Foreword by Tom Bie
One of the most studied yet intimidating aspects of fly fishing for trout is an understanding of insect hatches. This unique book teaches fly fishers enough entomology to be successful, and instead of focusing on insect identification, it stresses learning how to approach trout, how to find where they feed, and how to present the fly so it is accepted as natural food without hesitation. It helps fly fishers catch more fish on dry flies, streamers, and nymphs, and teaches the angler more about trout than the life history of insects. Published in association with The Orvis Company.

“Rosebauer’s strength has always been not only knowing all the technical stuff about fly fishing that professional anglers know, but also putting that know-how in the context of an ordinary angler enjoying fishing while learning to be better at it. The pace, tone, and organization of this book are excellent in that regard. This is readable technical stuff, nicely balanced between information and anecdote, and in sync on every page with the narrative we all seek on the water—the experience of a good day’s fishing.” —GRAY’S SPORTING JOURNAL

AMERICA’S NATIONAL HERITAGE AREAS
A Guide to the Nation’s New Kind of National Park
By Robert Manning
There are fifty-five National Heritage Areas scattered across the US and they continue to grow in number and diversity. Though they’re not officially national parks, their conservation, education, and recreation related objectives echo those of the national parks: to conserve nationally significant natural and cultural landscapes and to make them available to the public for purposes of education, recreation, and sustainable tourism-related economic development. But the methods of achieving these objectives are different—very different—than those used in the national parks. While both national parks and NHAs are established by Congress, national parks are conventionally large areas of public land that are owned and managed by the National Park Service (NPS). NHAs take a more inclusive, partnership-based approach to their work; they offer local citizens, government at all levels, non-profit organizations, and private sector enterprises the opportunity to define, celebrate and conserve the natural, historic, cultural, scenic and recreational resources that have been vital in shaping their identity and destiny. NHAs are composed primarily of private lands; they’re living landscapes where participants reside, work and play. Each chapter in this guidebook describes the remarkable natural and cultural resources that define NHAs and highlights nearby visitor attractions, enticing readers to visit NHAs and to enjoy and appreciate the attractions offered.

THE FOOTBALL BOOK OF WHY (AND WHO, WHAT, WHEN, WHERE, AND HOW)
The Answers to Questions You’ve Always Wondered about America’s Most Popular Game
By Wayne Stewart

Why is a football field sometimes called a gridiron? Who are some of the best left-handed quarterbacks ever? Who was the first Black quarterback to win a Super Bowl? Why do players form a huddle when plays are called? When did quarterback sacks become an official statistic? What is the record for the most passes thrown by a quarterback in a game?

This book provides a slew of questions and in-depth answers concerning the traditions, rules, records, and history of pro football (and more). From the early days of football to the hugely popular game seen today, Wayne Stewart answers questions even the most knowledgeable fan may have pondered. Whether the topic is quarterbacks or coaches, famous “firsts” or memorable moments, if a Who, What, When, Where, Why, or How? question is on your mind, this is the book for you.

“The Football Book of Why is an entertaining and fact-filled book that any fan will enjoy. Wayne Stewart completely covers the game from its roots through today.” —Jackie Smith, Pro Football Hall-of-Fame tight end

THE HISTORY OF THE NBA IN TWELVE GAMES
From 24 Seconds to 30,000 3-Pointers
By Sean Deveney

From its early days as a physical, plodding game with franchises parked in outpost towns like Fort Wayne, Moline, and Rochester, to today’s international showcase sport, professional basketball has evolved dramatically over the decades. But the development of the National Basketball Association and its star players was not preordained. There were moments, both obvious and subtle, that steered the direction of the sport, whether it was Bill Russell’s swan song, a near-miss on Michael Jordan, Kobe Bryant’s All-Star debut at nineteen, a LeBron James legacy game or a deep 3-point-shot by Steph Curry, these moments gradually brought us the NBA we know today—a scrappy league that was jump-started by a 24-second timer and will be defined by the 30,000 3-pointers its players knock down per season. Veteran NBA reporter and editor Sean Deveney will explore the unique characters and backstories of 12 crucial games in the history of the NBA, while putting them into the context of their influence on the direction of the league.

“What a terrific idea for a book, and Sean Deveney pulls it off splendidly, with an appreciation for the NBA’s history and minutiae that any basketball fan will appreciate.” —Mike Sielski, author of The Rise: Kobe Bryant and the Pursuit of Immortality

THE 50 GREATEST PLAYERS IN BRAVES HISTORY
By Robert W. Cohen

The 50 Greatest Players in Braves History examines the careers of the 50 men who made the greatest impact on one of Major League Baseball’s oldest and most iconic franchises. Using as measuring sticks the degree to which they impacted the fortunes of the team and the extent to which they added to the Braves legacy—in both Milwaukee and Atlanta—and the levels of statistical compilation and overall dominance they attained while wearing a Braves uniform, The 50 Greatest Players in Braves History ranks, from 1 to 50, the top 50 players in team history. Quotes from opposing players and former teammates are provided along the way, as are summaries of each player’s greatest season, most memorable performances, and most notable achievements.

THE FIRST KENTUCKY DERBY
Thirteen Black Jockeys, One Shady Owner, and the Little Red Horse that Wasn’t Supposed to Win

FOUR QUARTERS OF HISTORY
Ten Games That Define the Modern NFL
By Sean Deveney

Professional football has come a long way from its origins as a game played on sandlots and frozen fields to the high-tech spectacular it is today. This book focuses on ten games of the modern era that, collectively, have shaped and defined the National Football League. The chapters will go beyond mere descriptions of the games as they trace the significance of a particular contest on the growth of the league. From “the greatest game ever played”—the 1958 NFL championship that marked the dawn of the TV era for the NFL—to Joe Namath’s guaranteed win in Super Bowl III, Franco Harris’s Immaculate Reception, and the rise of the New England Patriots’ dynasty, Sean Deveney covers the games that have helped propel pro football to its status as the most popular game in America.

“Four Quarters of History provides a thought-provoking perspective on how the NFL evolved into what it is today. Fischer writes vividly about the history of our league — and the games he has chosen to illustrate his points are classic argument-starters.” —Tom Coughlin

THE BASKETBALL BOOK OF WHY
By Wayne Stewart

Why are basketball players sometimes referred to as “cagers”? How were the first baskets different from those used today? What does it mean to be “over the limit” in a basketball game? Who hit the first 3-point shot in an NBA game? Who are some of the greatest left-handed players in NBA history? Who is the NBA’s greatest pure shooter of all time?

This book provides a slew of questions and in-depth answers concerning the traditions, rules, records, and history of pro basketball (and more). From the early days of basketball to the hugely popular game seen today, Wayne Stewart answers questions even the most knowledgeable fan may have pondered. Whether the topic is point guards or coaches, famous “firsts” or memorable moments, if a Who, What, When, Where, Why, or How question is on your mind, this is the book for you.

ALL ROADS LED TO GETTYSBURG
A New Look at the Civil War’s Pivotal Battle
By Troy D. Harman

Gettysburg Ranger and historian Troy Harman draws on a lifetime of researching the Civil War and more than thirty years of studying the terrain of Gettysburg and south-central Pennsylvania and northern Maryland to reframe the story of the Battle of Gettysburg. In the process he shows there’s still much to say about one of history’s most written-about battles. This is revisionism of the best kind.

“A thoughtful, well-researched, and provocative study that seems certain to create controversy. All serious students of the battle will want to read it and ponder its conclusions.” —Harry W. Pfanz, former chief historian of the National Park Service

WHEN THE SOUTHERN LIGHTS WENT DARK
The Lighthouse Establishment During the Civil War
By Mary Louise Clifford and J. Candace Clifford

The Confederacy extinguished the lights in all the lighthouses it controlled long before any shots were fired at Fort Sumter. When the Southern Lights Went Dark: The Lighthouse Establishment During the Civil War tells the story of the men who assumed the daunting task of finding the lenses and lamps, repairing deliberate destruction to the towers and lightships, and relighting them as soon as the Navy could afford them protection. From Cape Hatteras to Ocracoke Light, Jupiter Inlet to Tybee Island, St. Simons to Cockspur Island and others, these are the stories from a unique era in United States lighthouse history.

DR. MARY WALKER’S CIVIL WAR
One Woman’s Journey to the Medal of Honor and the Fight for Women’s Rights
By Theresa Kaminski
“I will always be somebody.”

This assertion, a startling one from a nineteenth-century woman, drove the life of Dr. Mary Edwards Walker, the only American woman ever to receive the Medal of Honor. Theressa Kaminski shares a different way of looking at the Civil War, through the eyes of a woman confident she could make a contribution equal to that of any man. She takes readers into the political cauldron of the nation’s capital in wartime, where Walker was a familiar if notorious figure.

The Military Forces of the Civil War Compared and Contrasted
By Alan Axelrod
An argument settler—and starter—for Civil War buffs who want to know which side had the better soldiers: Armies South, Armies North definitively compares the military forces of both sides.

Civil War buffs are always arguing over which side had the better soldiers. Armies South, Armies North by Alan Axelrod helps readers reconsider their understanding of America’s most harrowing war. Axelrod is the author of more than one hundred books with a passion for military history and leadership. Each chapter of his new book compares the military forces with both quantitative and qualitative measures. Axelrod analyzes the equipment, the leadership and strategies, and the men who fought in each army, with additional focus on lesser known flash points during the war.

THE GREATEST ESCAPE
A True American Civil War Adventure
By Douglas Miller
The Greatest Escape: A True American Civil War Adventure tells the story of the largest prison breakout in U.S. history. It took place during the Civil War, when more than 1,200 Yankee officers were jammed into Libby, a special prison considered escape-proof, in the Confederate capitol of Richmond, Virginia. A small group of men, obsessed with escape, mapped out an elaborate plan and one cold and clear night, 109 men dug their way to freedom.

Since all the escapees were officers, they all could read and write well. Over 50 of them would publish riveting accounts of their adventures. This is the first book to weave together these contemporary accounts into a true-to-life narrative.

TONIGHT: A BEDTIME BOOK
By Jamie Siebrase

Every night at bedtime a little boy imagines he’s a different animal as his mother attempts to put him to bed. “I’m a baby lark,” he tells her. The mother then says to him that baby birds are called hatchlings and it is time for this hatchling to go to sleep. “But hatchlings don’t sleep in beds, they sleep in nests,” she says. And so it continues as the boy imagines he is a baby mountain lion, bighorn sheep, chipmunk, coyote, skunk, and moose. This is a twist on “goodnight” books that also teaches about animal families and their habitats.

GOING TO THE ZOO
By Eric Parrish and Ellen Sukovich Parrish

Visiting the zoo is a quintessential childhood experience filled with wonder and learning. For most kids, the zoo is the only place they will see exotic and wild animals. It is also a place where they can feel connected to the natural world and learn the importance of taking care of wildlife and the environment. Going to the Zoo is a 1,060-word nonfiction children’s picture book designed for ages 5-9. Using informative text, plus blurbs and tidbits of interesting animal and zoo insight, Going to the Zoo follows two young friends as they visit the zoo and learn about the different ways zoos care for their animals. Vivid illustrations bring the zoo and its activities to life as the friends explore everything from how zoos feed their animals to why zoo animals do “tricks.” Aimed toward early to middle elementary students, Going to the Zoo’s content is less dense than Michael George’s Life at the Zoo but is more sophisticated and challenging than Blake Hoena’s The Zoo Book. Going to the Zoo was reviewed by teachers, educators, and Denver Zoo professionals for content and age appropriateness.

TWO THOUSAND MILES TO HAPPY
Earl Shaffer and the First Thru Hike of the Appalachian Trail
By Andrea Shapiro

In 1948 World War II veteran Earl Shaffer decided to “walk the war out of his system” and became the first person to report hiking the entire length of the Appalachian Trail in one, continuous journey. This children’s book tells the story of Earl’s remarkable journey of five million steps across fourteen states for over two thousand miles. “So, on a blustery April morning in 1948, Earl stood on a Georgia mountain peak, beside a weather-beaten sign, with a pack on his back and only the birds in the trees for company.” One hundred and twenty-four days later he stood atop Maine’s Mt. Katahdin in triumph. In 1965, he hiked the AT from north to south and became the first person to report a thru-hike of the AT in both directions.

THE UNIVERSITY OF ALABAMA TRIVIA BOOK
Updated Edition
By Jessica Lacher-Feldman

Originally published in 2007, The University of Alabama Trivia Book has been updated with a wealth of new and recent facts about the home of the Crimson Tide. Over 700 questions (with answers) and quotations span more than two centuries of UA history, from the fun to the significant, the bizarre to the informative. This is the quintessential source of information about Alabama’s oldest and largest public university, perfect for current and prospective students, alumni, college football fans, and Tuscaloosa “townies.”

Updates include new facts related to much-beloved football in the Nick Saban era; the most recent enrollment statistics and sports records; and new faculty trivia. Discover obscure facts, forgotten lore, and exciting tidbits about everything from student life and traditions to Town and Gown, including:

• Who was the first woman to earn a law degree at UA
• What year the football team started wearing hard helmets
• When air conditioning was first installed on campus

And much more!

GHOSTS OF THE GREEN SWAMP
A Cracker Western
By Lee Gramling

Tate Barkley is back setting out to the vast and ominous swampland west of Orlando. Tate meets up with the odd and ornery little bald “professor” named Monk, who sells elixirs from his odd contraption of a wagon. Tate and Monk—and an odd assortment of other characters—follow a trail that draws them ever deeper into that vast forbidding swampland near the headwaters of the Withlacoochee River. This Cracker Western will have your spine tingling as it races on to the final all-out showdown.

NINETY-MILE PRAIRIE
A Cracker Western
By Lee Gramling

Peek Tillman has grown up in the Florida backcountry and knows that as he does his job of herding cattle to market across the big prairie to the east of the Gulf’s Charlotte Harbor, he has to be on the lookout for wild beasts and poisonous reptiles—as well as predators of the human variety. But this time he encounters more than he can figure how to handle, namely a very beautiful young woman, married (unfortunately for Peek) to a real-live archaeologist down from the Northeast, not to mention some greedy outlaws set on taking advantage of the situation. Joined by Chekta Joe, a fierce frontiersman who knows the Florida wilderness even better than Peek, the young cowhand sets out to rescue the Yankees from what he believes is a doomed expedition.

RIDERS OF THE SUWANNEE
A Cracker Western
By Lee Gramling

Tate Barkley returns to 1870s Florida after ten years on the Western frontier. He’s the kind of man trouble just naturally seems to find, and to tell the truth, he’s gotten sort of used to it by now. But Big Bill Caton and his three dozen renegades are more trouble than Tate figured on. Before his run-in with the Caton bunch, he’d halfway thought about settling down in the Florida Panhandle where he grew up. Now it seems like a better idea just to keep on riding. That is, until Tate meets Eileen McClanahan, a widow with a couple of kids, who is trying to hold on to her place on the Florida Gulf coast.

THREE RINGLING CIRCUS
A History of Sarasota, Florida, and the Famous Ringling Brothers
By Sandra Gurvis
Sarasota would not be what it is today without the influence of the Ringling family, particularly John and Mable Ringling and John’s brother Charles. Unlike some other entertainers of the era, the Ringling family saw their enterprise as a business and as a way of entertaining the masses through good, clean fun. Three Ringling Circus will focus on the history of this family and will bring to life (and light) their past and present impact on Sarasota’s unique artistic, historical and cultural scene, a rarity in Florida, where much of the economy is driven by tourism and the retirement industry.

Mississippi River Mayhem
Disasters, Tragedy, and Murder on Ol’ Man River
By Dean Klinkenberg

In his memoir, Life on the Mississippi, Mark Twain personified the river as “Sudden Death and General Desolation! Sired by a hurricane, dam’d by an earthquake, half-brother to the cholera, nearly related to the small-pox on the mother’s side! Look at me! I take nineteen alligators and a bar’l of whiskey for breakfast when I’m in robust health, and a bushel of rattlesnakes and a dead body when I’m ailing!” Twain’s time as a steamboat pilot showed him the true character of The Great River, with its unpredictable moods and hidden secrets.

Chasing the Next Mississippi River Mile
A Kayaker’s Unexpected Journey down America’s Greatest River
By Dennis Van Norman

Chasing the Next Mississippi River Mile is the story of how one traveler fully experienced and embraced the Mississippi River and its surroundings. It casts light on the Mississippi River’s history, geography, and sociology, but it is a book about more than the river itself—it’s also about the people living along the Mississippi’s shores. From the local foods and music to the customs and history, each experience is sandwiched between moments of pure serenity and those of sheer terror. This is the story of a journey of discovery on the country’s most celebrated waterway, and an exploration of the wondrous, joy, and fear that will invariably grab hold of you when you’re sitting alone in a 14-foot plastic boat on America’s greatest river.

STORIED & SCANDALOUS CHARLESTON
A History of Piracy and Prohibition, Rebellion and Revolution
By Leigh Jones Handal

In Storied & Scandalous Charleston, storyteller Leigh Jones Handal weaves tales of piracy, rebellion, ancient codes of honor, and first-hand accounts of the madness that ensued as the city fell first to the British in 1780 and then to the Union in 1865. Meet some of the foremost female criminals of the day—lady pirate Anne Bonny and highwaywoman Livinia Fisher. And learn how centuries of war, natural disasters, bankruptcy, and chaos shaped modern Charleston and the Carolina Low Country.

SHIPWRECKS OF THE OUTER BANKS
Dramatic Rescues and Fantastic Wrecks in the Graveyard of the Atlantic
By James D. Charlet

More than 6,000 ships have met their doom in the waters along the North Carolina coast, weaving a rich history of tragedy, drama and heroics along these picturesque beaches. Men have lost their lives and fortunes, and heroes have been made where the combination of mixing currents, treacherous coastline and shifting underwater sandbars spells disaster for even the most seasoned sailor. These are the stories of daring rescues, tragic failures, enduring mysteries, buried treasure, and fascinating legend.

“James brings to life the U.S. Life-Saving Service: the heroes and shipwreck rescues activity off the North Carolina Outer Banks coast. The stories based on official records of extraordinary rich history of tragedy of the 3,000 ships that have met their doom in the waters along the North Carolina coast. The stories behind the shipwrecks illustrate the best and worst of mankind, showing courage and compassion.” —Doug Stover, Retired Historian of Cape Hatteras National Seashore

**Favorite Flies for the Great Smoky Mountains**

50 Essential Patterns from Local Experts
Series: Favorite Flies - Volume 6
By Kevin Howell

The Great Smoky Mountains and their surrounding region have some of the best wild brook and brown trout fishing in the United States. It is also home to a rich tradition of fly tying, giving rise to many patterns designed not only for the tumbling mountain streams that characterize the region, but also for some of the highly selective fish in the state’s many catch and release trout streams.

Each chapter features a stunning macro image of the fly, a detailed recipe, and practical fishing information. In addition, author Kevin Howell explains the stories behind many of the flies, making this book an invaluable resource for anyone planning to visit the region as well as residents that want to learn how to catch more fish in their local waters.
